I highly recommend Piece Makers, such beautiful pieces of the highest quality. I just love my purchases. Excellent service also from Joanne, nothing was a problem, she even created a bespoke piece for me that I enquired about which wasn't in her collection and it was no trouble at all. They are a great price too. These would make lovely gifts also.

# What's the company's target?

Piece makers provides handmade gifts and souvenirs for people of all ages, genders and interests. They sell region-themed souvenirs for tourists, festive related and custom gifts for relatives and friends, directing some of their collections for families and children.

They also target catholics and celtic people, offering products with religious symbols. The company is selling direct to Hotels, Cafes, shops, craft outlets, museums, travel and tourism outlets. They're also open for collaborations with big companies.

**Thank you!**
