# How is Derry being described?

- *"Derry~Londonderry, the home of Ireland's only completely intact historic Walled City, the Derry Girls, award winning museums and some of the greatest outdoor festivals in the world!" ~ <https://www.visitderry.com/>*
  - *"Walled wonder - Stand on the city walls in Derry~Londonderry and you'll feel it. History is all around you. The very walls beneath you were built over 400 years ago. Look over to the city's Bogside area and you'll see history literally written on the walls in those famous murals. Traditional music spills out onto the streets from cosy pubs, museums tell stories of times past and people still celebrate ancient festivals." ~ <https://www.ireland.com/en-gb/destinations/county/londonderry/derry-londonderry/>*

# How is Derry being described?

- *"Northern Ireland's second-largest city continues to flourish as an artistic and cultural hub. Derry's city centre was given a striking makeover for its year as the UK City of Culture 2013, with the construction of the Peace Bridge, Ebrington Sq, and the redevelopment of the waterfront and Guildhall area making the most of the city's splendid riverside setting."*
